ACHIEVEMENTS

Trader's Conundrum

- Participated and **Stood Runners up** (alongside my friend Mohsin) in the pan India competition hosted by Finance and Investment Cell of Daulat Ram College (DU) in which More than 600 teams from across India participated
- It was a 2-rounds competition. In the first round was a quiz on finance terms and listed companies hosted on D2C platform. Teams shortlisted in the 1st round was given a problem statement to construct a flexi cap mutual fund scheme with aum of 1500cr as a mutual funds manager. We presented the Powerpoint document detailing the economy condition and predicting future growth and explaining allocation of funds to different sectors stocks and explaining reasoning behind our top three allocated stocks.

Clash of Investors

- Participated and **Stood Runners up** (alongside my friend Satrajit) in the pan India competition hosted by Finesse club of LBSIM (LAL BAHADUR SHASTRI SCHOOL OF MAMNAGEMENT) in which More than 400 teams from across India participated
- It was a 2-rounds competition. In the first round was a quiz on finance terms hosted on D2C platform. Teams shortlisted in the 1st round was allotted 15000cr and have to bid for the imaginary companies in the auction. We were provided with the financial of the companies like EBITDA, Sales growth, Revenues, Market share, Projected Growth, Sector in which the company operates and the any related news associated with the company.
